

A TWOFOOLD
OPPORTUNITY
FROM
THE UNITED STATES MINT

The U.S. Mint offers you two of its finest coin sets.

The 1986 Prestige Set.

This elegantly packaged set includes standard proof coins plus the striking Statue of Liberty Dollar and Half Dollar proof coins. By purchasing the Prestige Set now, you'll be helping to restore one of America's most beloved landmarks.

The 1986 Proof Set.

Prized for their flawless finish, these coins are the perennial favorites of collectors everywhere. The 1986 Proof Set includes a proof half dollar, quarter, dime, nickel and one cent coin, sealed in a protective case. All coins in the set bear the San Francisco ("S") mint mark.

Jewel-like coins you'll be proud to own and give as gifts.

Many coin collectors fondly remember the Mint's proof coin sets as being their "first coins." And they haven't missed a single year's offering since. By giving a youngster a proof set, you could spark a valuable lifelong interest.

The 1986 Proof Set. Part of a treasured tradition.

Proof coins are not only pieces of American history in the making, they are beautiful works of art in miniature. The coins in this offering represent the ultimate craftsmanship of the U.S. Mint and are part of a long tradition of excellence.

The proof coin's glittering surface is the result of a highly specialized minting process. Each proof coin is struck at least twice with highly polished dies and coin blanks, resulting in a finely detailed, frosted image on a mirror-like background. Proof coins are carefully handled at all times during their minting and packaging. After careful inspection, coins that meet the Mint's exacting standards are packaged in a sealed protective case.

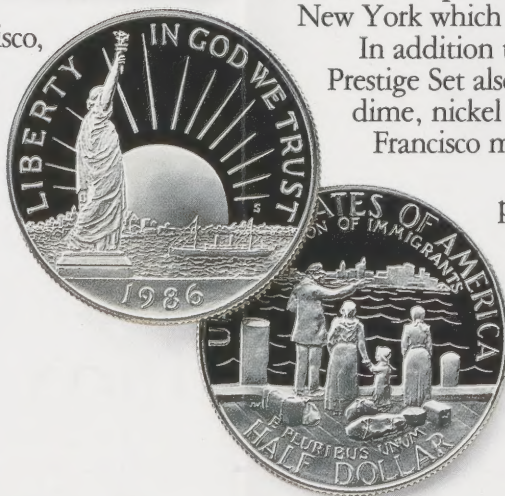

All of the coins in the 1986 set have been produced by the

United States Assay Office in San Francisco, California, and bear the "S" mint mark. Proof coin sets have been produced at the San Francisco facility since 1968.

Price: \$11.00 per set.

No limit to order.

The Prestige Set. A beautiful way to give Liberty a hand.

This magnificent set is made even more significant by the presence of the new Liberty 90 percent silver dollar and clad half dollar. By purchasing the 1986 Prestige Coin Set, you will also be contributing to the restoration of the Statue of Liberty.

Created by a special Act of Congress,

the two Liberty coins reflect America's unique identity as a "nation of immigrants," as well as the Statue's role as the enduring symbol of this ideal.

The obverse of the Liberty Silver Dollar, designed by John Mercanti, shows the majesty of the Statue. The reverse, by Matthew Peloso, features inspiring words from Emma Lazarus's classic poem, "The New Colossus."

The Liberty Half Dollar is just as striking. The obverse, by Edgar Z. Steever IV, features a period immigrant liner sailing past the statue's uplifted arm. Sherl J. Winter conceived the portrait of immigrants waiting to go to New York which appears on the reverse.

In addition to the beautiful Liberty coins, the 1986 Prestige Set also includes a proof half dollar, quarter, dime, nickel and one cent coin—all bearing the San Francisco mint mark.

Handsomely set in a brushed presentation case, these glittering coins make an impressive gift. Plus, with each Prestige Set purchase, you help to restore the Statue of Liberty and Ellis Island.

Price: \$48.50 per set.

No limit to order. All orders subject to availability.

Here's how to order your 1986 Proof and Prestige Coin Sets.

Purchasing your 1986 coin sets is easy. Just fill out the enclosed order card in full, include your remittance and mail it to us in the enclosed pre-addressed envelope. Allow six to eight weeks for delivery.

Perhaps someone you love or a special friend would appreciate having one of these special sets as a gift. Since there's no order limitation, you can purchase as many sets as you like, subject to availability.

*A note from
Donna Pope*

DIRECTOR OF THE U.S. MINT

Dear Customer:

In the past year, a renewed interest in numismatics has resulted in a dramatic response to products offered by the United States Mint.

\$24 Million for Liberty!

The historic issue of three Liberty Coins, minted in honor of the 100th anniversary of the Statue of Liberty, proved overwhelmingly popular. Not only were all 500,000 five-dollar coins sold out in a record-breaking period, but total sales of all Liberty coins have netted to date \$24 million in contributions to keep Liberty in "mint" condition. Thank you.

Our 1985 Catalogue Was a Best-Seller!

The response to other Mint programs has been equally spectacular. The 1985 Catalogue of Official Coins and Medals presented for the first time a selection of the Mint's most popular coins, medals and medallions. The response to this catalogue was so encouraging that a new, updated version will be distributed this fall, with an even wider variety of coins, medals and new products.

A Golden Opportunity

From year to year, exciting new programs are begun that rekindle America's fascination with coins. We are proud to announce that in 1985, Congress enacted legislation authorizing the minting of legal tender gold coins in four denominations: fifty, twenty-five, ten and five dollars. Also authorized was the minting of silver dollar bullion coins. The legislation specifies the issuance of these coins beginning this fall.

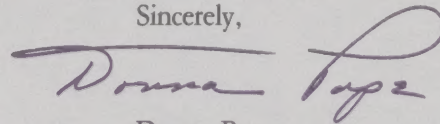

Streamlining Our Service to You

Aside from exciting new products, the Mint is also developing new ways of servicing your purchase inquiries and fulfilling your orders, in an effort to make us more responsive to your needs. Our newly reorganized Customer Affairs Staff is now on call to answer questions and take any steps necessary to speed orders to you.

As you can see, the Mint is progressing in a number of important ways, and 1986 will prove to be a pivotal year in our 194-year history of service to the American people. To keep you better informed on new developments, I will be communicating with you regularly in future mailings.

I hope you will continue to enjoy products purchased from the U.S. Mint, including the Proof and Prestige sets offered here. They are lasting treasures—works of art in miniature that reflect on our national history. Thank you for your continued support and growing interest in the collecting of fine United States coinage.

Sincerely,

A handwritten signature in dark ink, reading "Donna Pope". The signature is fluid and cursive, with a long, sweeping underline that extends to the right.

An Offering
FROM
THE UNITED STATES MINT

Uncirculated 1986 Coin Sets and The Liberty Coins.

The 1986 Uncirculated Coin Set includes coins of each denomination, from the Lincoln penny to the Kennedy half-dollar. You will receive one group each from the Philadelphia and Denver Mints—ten coins and two mint mark pieces in all.

And, in a special offering marking the historic July 4th unveiling of the Statue of Liberty, you also have the opportunity to purchase the Liberty Uncirculated Silver Dollar and Half-Dollar.

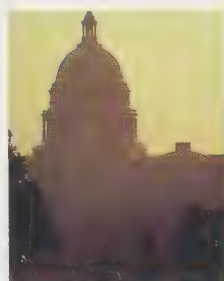

Add the Mint's latest Uncirculated Coins to your collection—or start one!

Traditionally called “Mint Sets” by collectors, the Uncirculated Coin Sets have been offered in most years since 1947.

Many coin collectors fondly remember the Mint's Uncirculated Coin Sets as the first pieces in their collection and they've purchased them ever since. You'll find that the Uncirculated Coin Sets make an excellent gift—one that could spark a valuable life-long interest in coin collecting.

These sets make collecting U.S. uncirculated coins easy. It used to be that you had to go to the bank and buy entire rolls of coins, then mount each coin individually. These uncirculated sets are already packaged and come from *both* the Philadelphia and Denver Mints.

you'll be sharing in a rich part of our national heritage.

Shining Pieces of History

While many people take U.S. coins for granted, each coin in the 1986 Uncirculated Set has its own history.

The Lincoln Cent was first issued in 1909 to commemorate the 100th anniversary of the birth of our 16th president. Lincoln's portrait is on the obverse. In case you've wondered, the tiny letters “VDB” at the base of Lincoln's shoulder are the initials of the coin's designer, Victor D. Brenner.

The Jefferson Nickel was first issued in 1938. A bust of our third president appears on the obverse side; the reverse depicts his Virginia home, Monticello. This design replaced the Indian-buffalo nickel.

The Roosevelt Dime was first issued in 1946 to commemorate the birth of our 32nd president, who had died the previous year. The Roosevelt dime replaced the Mercury dime, which took its name from the wings on the cap of Liberty.

The Washington Quarter was first issued in 1932, the 200th anniversary of the birth of our first president. Washington's image was taken from a famous bust created by the sculptor Jean Antoine Houdon.

The 1986 Uncirculated Coins are the latest in a long tradition that dates back to the Coinage Act of 1792, when Congress authorized the minting of the first national coinage. By purchasing these coins year after year,

The Kennedy Half-Dollar was first issued in 1964, a year after the assassination of our 35th president. John F. Kennedy is the youngest president to be memorialized on a United States coin.

Certified and sealed by the Philadelphia and Denver Mints

The 1986 Uncirculated Coin Sets are the product of one of the most modern minting processes in the world—a system that produces approximately 15 billion coins a year!

Your 1986 Uncirculated Coin Set includes coins produced for circulation at the Philadelphia and Denver Mints. Each coin has been taken directly from the press and sealed in durable Mylar® plastic for protection.

Order Your 1986 Uncirculated Coin sets today!

The Mint's Uncirculated Coin Sets are perennial favorites and shining examples of the minting craft. Don't miss your chance to add them to your collection or give them as gifts. Order your sets now.

Price: \$7.00 per set.

Order your Liberty Coins now and be a part of history.

July 4, 1986 is the Statue of Liberty's 100th anniversary. On that date, a beautifully restored Liberty will be unveiled. To mark this historic occasion, the Mint is offering the Liberty Uncirculated Silver Dollar and Half-Dollar.

Minted following a special Act of Congress, both coins are striking in their design and feature classic representations of one of America's most beloved symbols. The Liberty Dollar and Half-Dollar are individually packaged in their own presentation cases. Order your Liberty Uncirculated Coins to complete your collection of 1986 uncirculated issue. If you've already ordered, this is an excellent opportunity to purchase additional coins as gifts. For each coin you order, a donation will be made to the Statue of Liberty/Ellis Island Restoration Fund.

Liberty Half: \$6.00 each.
Liberty Dollar: \$22.00 each.

How To Order

Purchasing your 1986 uncirculated coins is easy. Just fill out the enclosed order card in full, include your remittance and mail it to us in the enclosed pre-addressed envelope. Perhaps someone you love or a special friend

*An important
message to our valued
customers from
Donna Pope*

DIRECTOR OF THE U.S. MINT

Dear Customer:

If you have ever experienced difficulties or delays in getting the coins you ordered, I have good news for you. The U.S. Mint has taken several measures to fulfill customer orders faster and to serve you better.

We've streamlined our order processing system.

Your order form or card now contains a special "OCR" code, which can be read by computers used to sort orders. This method allows your order to be processed much faster and helps us keep track of your order every step of the way.

You can now look forward to receiving most orders in approximately six to eight weeks. Please keep in mind that credit card orders and orders for multiple products will take a little longer.

Customer Service and Order Processing have relocated.

Formerly based in the San Francisco Old Mint (SFOM), our order processing is now handled by a commercial firm in Philadelphia, and all customer inquiries are taken by the U.S. Mint Customer Affairs Staff in suburban Maryland.

We can respond efficiently to any inquiry.

If you don't receive your order within a reasonable period of time, you now have a sure way to check on it. Our Customer Affairs Staff is available to help you with any questions you might have about your order.

To make an inquiry by phone, simply call:

(301) 436-7400

Lines are open during standard business hours,
9:00 a.m. to 5:00 p.m. Eastern Standard Time.

If you prefer to write, please address your questions to:

**CUSTOMER AFFAIRS STAFF
The United States Mint
10001 Aerospace Drive
Lanham, MD 20706**

When you write to us, please remember to include your full name, account number, the method of payment and your daytime telephone number. We will respond to your inquiry as promptly as possible.

There are some limitations to the system.

If you have submitted a multiple order (e.g., for gold, silver and certain uncirculated coin sets), your order will take a little longer to fulfill. This is because certain items are produced and stocked in different locations across the country.

Also, for your protection, our Customer Affairs Staff cannot make changes in your order by phone. We must receive written instructions from you.

You can help us.

We believe our new system will help us process your order more efficiently. Here's what you can do to make sure the system works:

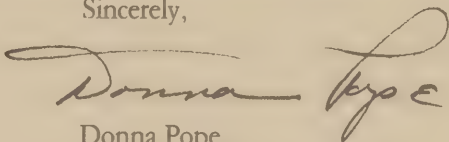

1. Fill out your order form completely. Please note any change of address.
2. Be sure to enclose your payment. If using a credit card, please remember to provide your account number, expiration date and signature in the spaces provided.

While these two steps may seem simple, many times orders are delayed because of an incomplete order form.

The Mint's new computerized processing system and customer affairs service have been designed with your needs and wishes in mind. We hope you will find these improvements of value to you in the future.

Thank you for being one of our valued customers. We look forward to serving you again.

Sincerely,

A handwritten signature in dark ink, appearing to read "Donna Pope", with a large, stylized flourish at the end.

Donna Pope,
Director of the U.S. Mint

Now you can purchase beautiful, historic coins directly from the United States Mint.

Every year, the U.S. Mint gives coin collectors opportunities to purchase U.S. coins and medals right from the source. Now you can enjoy the same privilege.

If you're already a coin collector, the Mint provides a convenient, inexpensive way to add

to your collection. If you don't have a collection, this is the perfect opportunity to start one!

With this form, you can purchase some of the Mint's most popular offerings.

Start a collection or add to your present one!

1986 Uncirculated Coin Set. Traditionally called "Mint Sets" by collectors, the 1986 Uncirculated Coin Set includes coins of each denomination, from the Lincoln penny to the Kennedy half-dollar. You'll receive one group each from the Philadelphia and Denver Mints—ten coins and two mint mark pieces in all. **\$7.00 per set.** Option U86

Statue of Liberty Coins. These beautifully designed coins were created by Act of Congress to mark the 100th anniversary of one of America's most beloved symbols. You can select either the Liberty Dollar or Half Dollar or both—in flawless proof or uncirculated condition. These striking coins are also available in handsomely presented sets. Part of the purchase price (\$7 for each dollar, \$2 for each half dollar) is being paid to the Statue of Liberty-Ellis Island Fund.

Susan B. Anthony Dollars. The Anthony Dollar Coin, introduced as an alternative to the dollar note in 1979, represents the first time that a woman has been portrayed (other than symbolically) on a circulating U.S. coin. The profile of Miss Anthony, the pioneer of the women's suffrage movement, appears on the obverse.

Purchasing Options

A limited number of Anthony dollar coins were minted in 1981, exclusively for the Mint's Proof and Uncirculated coin programs. However, a number of the Uncirculated 1979 and 1980 coins are still available directly from the Mint. You can purchase these distinctive coins in three ways:

Option 055: Order a complete set of six uncirculated coins, one from each of the Mints for both production years (1979, 1980). This set is sealed in soft durable Mylar.® **\$10.00 per set.**

100 Coins: Order a bag of 100 coins from a specific mint. Be sure to indicate the mint mark and year you want on order form. The Mint and year of mintage is stamped on each bag. **\$110.00.**

2,000 Coins: Order a larger bag (the kind used to ship coins to Federal Reserve Banks) of 2,000 coins. These bags come directly from the Mint's vaults. Be sure to indicate which year and mint mark you want on order form. **\$2,050.00 per bag.**

1986 Proof Coin Set. Proof coin sets are distinguished by their flawless, mirror-like finish and are a perennial favorite of coin collectors. The 1986 Proof Coin Set contains a proof half dollar, quarter, dime, nickel and one cent coin. All coins in this set bear the "S" mint mark of the San Francisco Assay Office. **\$11.00 per set.** Option P86

Both the 1986 Uncirculated and the 1986 Proof Sets will be available until the 1987 sets are introduced.

Liberty Prestige Set.

The Liberty Prestige Set is one of the U.S. Mint's most popular offerings and provides an extra touch of distinction in displaying your Liberty coins. Included in this set are standard 1986 proof coins plus the Liberty Dollar and Half Dollar proof coins. A detailed insert and message from the Director of the Mint comes with the coins in a handsome brushed presentation case. The Prestige Set is the most impressive way to display your coins!

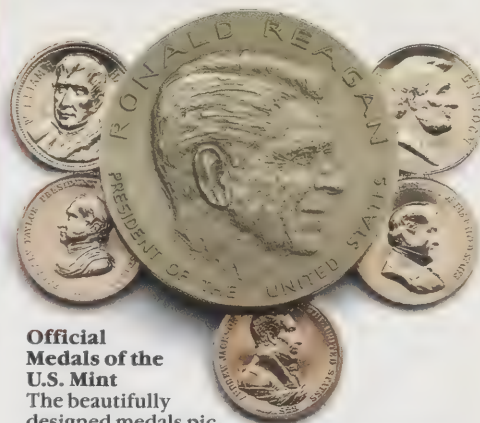

Proof Liberty Dollar. \$24.00 Option L02
Uncirc. Liberty Dollar. \$22.00 Option L07
Proof Liberty Half. \$7.50 Option L01
Uncirc. Liberty Half. \$6.00 Option L06
Proof Set (both coins.) \$31.50 Option L03
Uncirc. Set (both coins.) \$28.00 Option L08
Liberty Prestige Set.* \$48.50 Option L12

*Due to demand, we cannot guarantee early delivery for Prestige Sets. All orders will be processed in the order they are received. The Liberty Coin Sets are available until December 31, 1986 only.

Bicentennial Uncirculated Set. To mark the Bicentennial of the United States, Congress authorized new reverse designs for the dollar, half dollar and quarter. Included in this set is the last of the popular Dwight D. Eisenhower Silver Dollars. Your Bicentennial coins contain 40% silver (more than most circulating coins) and are the first circulating U.S. coins to be double-dated (1776-1976). **\$9.00 per Uncirc. Set.** Option F82

Order before Dec. 31, 1986.

Official Medals of the U.S. Mint

The beautifully designed medals pictured here are actually part of a long tradition, dating back to the Revolutionary War, when medals were awarded by Congress to honor war heroes. Today, the U.S. Mint's medals represent a treasured link with the past.

From this offering, you can select from national medals honoring Presidents and famous Americans. A medal has also been created as a special tribute to Vietnam veterans. The strikingly designed medals shown above are only a few of the many now offered by the U.S. Mint. For a complete list of national medals, write to:

THE DIRECTOR OF THE UNITED STATES MINT

WASHINGTON, D.C. 20220

Important News for Our Valued Customers.

Dear Customer:

More Americans than ever are adding to their coin collections or starting one! Like you, they've discovered that coins are an important part of our national heritage—moments of history beautifully captured forever in precious metal. As a result, the U.S. Mint has been working very hard to meet the demand for coins and national medals.

Requests for the "latest" U.S. Mint Catalogue have been pouring in from across the country. So here it is! Our new catalogue—the second in the Mint's 194-year history—is a dazzling showcase of U.S. coins and medals. Each of these products has been painstakingly designed and produced with the Mint's award-winning craftsmanship.

With this catalogue, you can order jewel-like proof and uncirculated Mint coins, historic Statue of Liberty coins and Bicentennial coin sets, flawless medals that honor celebrated Americans, as well as the Susan B. Anthony Dollar and, for the first time, Uncut Dollar Bill Sheets. Our streamlined order and service system makes it easier than ever for you to place your order.

With the holiday season just around the corner, this offering couldn't come at a better time. From our catalogue selections, you can choose a gift of lasting beauty and value for everyone on your shopping list.

The Bicentennial Coin Set or a Liberty Set would be the perfect gift for that hard-to-buy-for person. Or, for something "extra special," you might consider an assortment of the Mint's national medals.

To ensure delivery in time for Christmas, it is important that we receive your order for coins and medals by November 1, 1986. Ordering today is the best way to avoid disappointment. For Prestige Set orders, unfortunately, we cannot promise delivery before Christmas.

A Dazzling New Product from the U.S. Mint. U.S. Bullion Coins in Gold and Silver.

It is a great pleasure to preview an upcoming issue, sure to be one of the Mint's most exciting ever! In the Fall, new United States gold and silver bullion coins will be available. They are a long-awaited issue that already have captured the attention of numismatists and investors everywhere.

In accordance with a special Act of Congress, the U.S. Mint will issue gold coins in four weights and denominations. Minted in .9167 fine gold (22 carats), the new coins will be available for purchase in 1 oz., 1/2 oz., 1/4 oz., and 1/10 oz. fine gold. All four will feature the beautiful Saint-Gaudens design used for twenty-dollar gold coins minted between 1907-1933. The reverse will depict a family of eagles, with a male eagle carrying an olive branch over the nest.

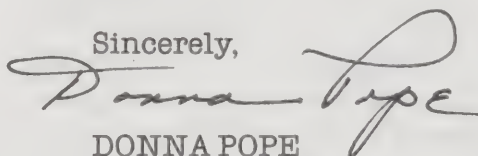

The silver dollar will be struck in .999 fine silver in a design similar to the "Walking Liberty" half dollar (1916-1947). Its reverse will show a design very much like the Great Seal of the United States. Both the gold and silver bullion coins will be sold through a nationwide distribution network.

The Birth of a New Tradition—Bullion Proof Coins.

This Fall, the U.S. Mint will offer a numismatic proof quality version of both the gold and silver 1 oz. coins. Produced to the same exacting standards required of all U.S. Proof coins, these coins will be minted in a limited series. We will offer this unique issue for direct sale to U.S. Mint customers. Valued customers like yourself will not want to miss this historic opportunity, so look for information and order instructions coming later this year.

With best wishes for a happy holiday season and a bright, shining new year.

Sincerely,

A handwritten signature in dark ink, appearing to read "Donna Pope". The signature is fluid and cursive, with a large, stylized "P" at the end.

HISTORY IN THE MINTING

Americans have been making history for over 200 years. Look closely and you'll find that much of our history is carefully and beautifully recorded on our country's coins.

More and more Americans are discovering the true value of coins. Beyond their use as a basic means of exchange, coins are pieces of history and beautiful works of art in miniature.

For 194 years the U.S. Mint has been chronicling American history, as well as meeting our country's demand for coinage. The coins and medals in this catalogue are part of this shining tradition. Especially noteworthy are the Statue of Liberty coin sets, available until December 31, 1986.

All of the items in this catalogue reflect the historic craftsmanship of the United States Mint.

They make unique and exciting gifts reflecting a part of our nation's heritage.

1986 MINT PROOF COIN SET

Proof coins, a perennial favorite of seasoned collectors and novices alike, are prized for their flawless, jewel-like finish. The coins in this offering are no exception. The 1986 proof coin set features five dazzling coins—a proof half dollar, quarter, dime, nickel and one cent coin.

The proof coin's striking, cameo-like appearance is the result of a highly-specialized minting process. Each coin is struck at least twice with highly-polished dies, creating a beautiful frosted image on a mirror-like background.

Only coins that meet the Mint's exacting standards are certified as "proof." Each of the coins in the 1986 proof set has been produced by the United States Assay Office in San Francisco, California and bears the "S" mint mark.

Coins for the Mint's proof sets have been produced at the San Francisco Assay Office since 1968. Your proof coins will arrive sealed in protective plastic and packaged in an attractive presentation folder.

PRICE: \$11.00 per set.
Option No. P86

1986 MINT UNCIRCULATED COIN SET

Typically called "Mint Sets" by collectors, the uncirculated coin sets have been offered in most years since 1947. The 1986 Uncirculated Coin Set offers you the opportunity to add to your collection or start one!

The 1986 Uncirculated Coin Set contains ten coins—one of each denomination produced by the Denver and Philadelphia Mints. The set also includes a mint mark piece from each facility. As is traditional, the one cent coin from Philadelphia has no mint mark.

Uncirculated coins are manufactured using the same process as coins intended for regular circulation. The big difference is that your uncirculated coins are individually packaged at the mint. Once off the press, the coins are handled with special care and sealed in soft, durable Mylar® for lasting protection.

Your 1986 Uncirculated Coin Set comes in a colorful presentation envelope and folder.

Price: \$7.00 per set.
Option No. U86

The 1986 Proof Coin Set will be available until the 1987 set is introduced in early 1987; the 1986 Uncirculated Coin Set will be available until the 1987 set is introduced in mid-1987.

BICENTENNIAL UNCIRCULATED COIN SET

Three coins in set.

If you missed the opportunity to purchase the historic Bicentennial Coin Set, this is your chance. To commemorate the Bicentennial of the American Revolution, the Congress specially authorized new designs on the reverse for the dollar, half dollar and quarter dollar.

In addition to their historical significance, these Bicentennial coins contain 40% silver and are double-dated (1776-1976). The set contains the last of the always popular Dwight D. Eisenhower Silver Dollars.

Uncirculated coins are produced in the same manner as coins for circulation, except that these coins are handled separately. Your Bicentennial coins were individually packaged at the mint in soft, protective Mylar.[®]

This is your last chance to order Bicentennial Uncirculated Sets. After December 31, 1986, all remaining unsold Bicentennial coins in inventory will be melted down.

PRICE: \$9.00 per set.
Option No. F82

SUSAN B. ANTHONY DOLLARS

The Susan B. Anthony Dollar coin, introduced as an alternative to the dollar note in 1979, represents the first time that a woman has been portrayed (other than symbolically) on a circulating U.S. coin.

The coin features a profile of Miss Anthony, the pioneer of this country's women's suffrage movement, on the obverse side. On the reverse there is a symbolic representation of the Apollo II spacecraft (christened "The Eagle") in commemoration of the historic moon landing on July 20, 1969.

Purchasing Options

A limited number of Anthony dollar coins were minted in 1981, exclusively for the Mint's Proof and Uncirculated coin programs. However, a number of the 1979 and 1980 uncirculated coins are still available directly from the U.S. Mint.

You can purchase these coins in the following ways:

Option 055: Order a complete set of six uncirculated coins, one from each of the mints for both production years (1979, 1980). This set is sealed in soft, durable Mylar.[®]
Price: \$10.00 per set.

Or: Order a bag of 100 coins from a specific mint. Order a larger bag (the kind used to ship coins to the Federal Reserve Banks) of 2,000 coins. These bags come directly from the Mint vaults. The Mint and year of mintage is stamped on each bag.

Use the chart at right to find the correct option number for the bag size, mint mark and year you wish to order.

OFFICIAL MEDALS OF THE U.S. MINT

These beautifully designed medals are actually part of a long tradition dating to the Revolutionary War when medals were awarded by Congress to honor war heroes.

Many of the medals included in the U.S. Mint's Presidential Series were originally made for presentation to American Indian chiefs. Possessing a medal bearing the likeness of the President in Washington was considered a great honor.

Over a century ago, the U.S. Mint started collecting the dies used to strike those medals authorized by Congress. Bronze copies of the medals were then made available to the public, starting in the 1860's.

Today, the U.S. Mint's medals represent a treasured link with the past. By the same token, medals produced to honor today's heroes are likely to become tomorrow's heirlooms. From this offering, you can select from national medals honoring Presidents and famous Americans from government leaders to popular entertainers. A medal has also been created as a special tribute to Vietnam veterans.

The medals shown here are only a few of the many now offered by the U.S. Mint. For a complete list of medals, write to:

UNCUT DOLLAR BILL SHEETS

Most people are familiar with U.S. paper currency in the form of individual bills. However, at the Bureau of Engraving and Printing whole sheets of bills are printed daily. A small sample of this remarkable process is available in sheets of dollar bills—four to a sheet!

For the convenience of the U.S. Mint's customers, through a special arrangement, you can now purchase these novel sheets from this catalogue. Until now, the only way you could obtain sheets of uncut dollar bills was by purchasing them from the Bureau of Engraving and Printing in Washington, D.C.

With each sheet of uncut dollar bills that you order, you will also receive an attractive informative folder (ready for framing) containing many little-known facts about the dollar bill. Maybe you've wondered what all the numbers and letters actually stand for, or what the

pyramid and "Eye of Providence" on the reverse side of the dollar represent? The fact-filled folder will answer these questions and many more!

Don't miss your chance to add sheets of uncut dollar bills to your collection.

Price: \$10.25 per sheet.

Option No. 045

Authorized by an Act of Congress, these beautifully detailed coins commemorate the 100th anniversary of one of America's most beloved symbols. By purchasing the Liberty dollar and half dollar, you are helping to restore Liberty to her mint condition. Part of the sale price of these coins (\$7 for each dollar, \$2 for each half dollar) is being paid directly to the Statue of Liberty—Ellis Island Foundation.

Both the Liberty dollar and half dollar reflect America's unique identity as a "nation of immigrants," with designs that fully depict the coins' historical significance. With this offering you can select from proof or uncirculated condition coins.

STATUE OF LIBERTY COINS

Liberty Dollar

The obverse of the Liberty Dollar, designed by John Mercanti, shows the majesty of the statue against the backdrop of Ellis Island. The reverse, by Matthew Peloso, depicts Liberty's blazing torch with inspiring words from Emma Lazarus' classic poem, "The New Colossus."

Each Liberty Dollar is 90% silver and bears a mint mark. Your coins will arrive sealed in plastic and packaged in a velvet presentation case (proof coins) or giftbox (uncirculated coins).

Weight: .86 troy ounce
Fineness: 90% silver; 10% copper

THE 1986 PRESTIGE SET

The 1986 Prestige Set is one of the U.S. Mint's most popular offerings and provides an extra touch of distinction in displaying your

Liberty coins. Included in this set are standard 1986 proof coins plus the Liberty Dollar and Half Dollar proof coins.

A detailed insert and message from the Director of the Mint come with the coins in a handsome brushed presentation case. The Prestige Set is the most impressive way to display your coins!

PLEASE NOTE: Due to demand, we cannot guarantee Christmas delivery for Prestige Sets. All orders will be processed in the order they are received.

Price: \$48.50 per set.

PUBLIC LAW 99-61—JULY 9, 1985

PUBLIC LAW 99-61
99th CONGRESS

AN ACT

To authorize the minting of coins in commemoration of the centennial of the Statue of Liberty and to authorize the issuance of Liberty Coins.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

TITLE I—STATUE OF LIBERTY-ELLIS ISLAND COMMEMORATIVE COINS

SHORT TITLE

SEC. 101. This Act may be cited as the "Statue of Liberty-Ellis Island Commemorative Coin Act".

COIN SPECIFICATIONS

SEC. 102. (a)(1) The Secretary of the Treasury (hereafter in this title referred to as the "Secretary") shall issue not more than 500,000 five dollar coins which shall weigh 8.359 grams, have a diameter of 0.850 inches, and shall contain 90 percent gold and 10 percent alloy.

(2) The design of such five dollar coins shall be emblematic of the centennial of the Statue of Liberty. On each such five dollar coin there shall be a designation of the value of the coin, an inscription of the year "1986", and inscriptions of the words "Liberty", "In God We Trust", "United States of America", and "E Pluribus Unum".

(b)(1) The Secretary shall issue not more than ten million one dollar coins which shall weigh 26.73 grams, have a diameter of 1.500 inches, and shall contain 90 percent silver and 10 percent copper.

(2) The design of such dollar coins shall be emblematic of the use of Ellis Island as a gateway for immigrants to America. On each such dollar coin there shall be a designation of the value of the coin, an inscription of the year "1986", and inscriptions of the words "Liberty", "In God We Trust", "United States of America", and "E Pluribus Unum".

(c)(1) The Secretary shall issue not more than twenty-five million half dollar coins which shall weigh 11.34 grams, have a diameter of 1.205 inches, and shall be minted to the specifications for half dollar coins contained in section 5112(b) of title 31, United States Code.

(2) The design of such half dollar coins shall be emblematic of the contributions of immigrants to America. On each such half dollar coin there shall be a designation of the value of the coin, an inscription of the year "1986", and inscriptions of the words "Liberty", "In God We Trust", "United States of America", and "E Pluribus Unum".

(d) The coins issued under this title shall be legal tender as provided in section 5103 of title 31, United States Code.

SOURCES OF BULLION

SEC. 103. (a) The Secretary shall obtain silver for the coins minted under this title only from stockpiles established under the Strategic and Critical Materials Stock Piling Act (50 U.S.C. 98 et seq.).

(b) The Secretary shall obtain gold for the coins minted under this title pursuant to the authority of the Secretary under existing law.

DESIGN OF THE COINS

SEC. 104. The design for each coin authorized by this title shall be selected by the Secretary after consultation with the Chairman of the Statue of Liberty-Ellis Island Foundation, Inc. and the Chairman of the Commission of Fine Arts.

SALE OF THE COINS

SEC. 105. (a) Notwithstanding any other provision of law, the coins issued under this title shall be sold by the Secretary at a price equal to the face value, plus the cost of designing and issuing such coins (including labor, materials, dies, use of machinery, and overhead expenses).

b) The Secretary shall make bulk sales at a reasonable discount to reflect the lower costs of such sales.

(c) The Secretary shall accept prepaid orders for the coins prior to the issuance of such coins. Sales under this subsection shall be at a reasonable discount to reflect the benefit of prepayment.

(d) All sales shall include a surcharge of \$35 per coin for the five dollar coins, \$7 per coin for the one dollar coins, and \$2 per coin for the half dollar coins.

ISSUANCE OF THE COINS

SEC. 106. (a) The gold coins authorized by this title shall be issued in uncirculated and proof qualities and shall be struck at no more than one facility of the United States Mint.

(b) The one dollar and half dollar coins authorized under this title may be issued in uncirculated and proof qualities, except that not more than one facility of the United States Mint may be used to strike any particular combination of denomination and quality.

(c) Notwithstanding any other provision of law, the Secretary may issue the coins minted under this title beginning October 1, 1985.

(d) No coins shall be minted under this title after December 31, 1986.

GENERAL WAIVER OF PROCUREMENT REGULATIONS

SEC. 107. No provision of law governing procurement or public contracts shall be applicable to the procurement of goods or services necessary for carrying out the provisions of this title. Nothing in this section shall relieve any person entering into a contract under the authority of this title from complying with any law relating to equal employment opportunity.

DISTRIBUTION OF SURCHARGES

SEC. 108. All surcharges which are received by the Secretary from the sale of coins issued under this title shall be promptly paid by the Secretary to the Statue of Liberty-Ellis Island Foundation, Inc. (hereinafter in this title referred to as the "Foundation"). Such amounts shall be used to restore and renovate the Statue of Liberty and the facilities used for immigration at Ellis Island and to establish an endowment in an amount deemed sufficient by the Foundation, in consultation with the Secretary of the Interior, to ensure the continued upkeep and maintenance of these monuments.

AUDITS

SEC. 109. The Comptroller General shall have the right to examine such books, records, documents, and other data of the Foundation as may be related to the expenditure of amounts paid, and the management and expenditures of the endowment established, under section 108.

COINAGE PROFIT FUND

SEC. 110. Notwithstanding any other provision of law—

(1) all amounts received from the sale of coins issued under this title shall be deposited in the coinage profit fund;

(2) the Secretary shall pay the amounts authorized under this title from the coinage profit fund; and

(3) the Secretary shall charge the coinage profit fund with all expenditures under this title.

FINANCIAL ASSURANCES

SEC. 111. (a) The Secretary shall take all actions necessary to ensure that the issuance of the coins authorized by this title shall result in no net cost to the United States Government.

-
- (b) No coin shall be issued under this title unless the Secretary has received—
- (1) full payment therefor;
 - (2) security satisfactory to the Secretary to indemnify the United States for full payment; or
 - (3) a guarantee of full payment satisfactory to the Secretary from a depository institution whose deposits are insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, or the National Credit Union Administration Board.

United States Liberty Coins. Designed to celebrate Liberty...and help restore her.

In July, 1985, President Ronald Reagan signed into law a bill passed by Congress authorizing the U.S. Mint to issue three United States Liberty Coins in honor of the 100th anniversary of the Statue of Liberty.

The purpose of these historic U.S. coins—a five-dollar gold coin, a one-dollar silver coin, and a half-dollar coin—is twofold: first, to

provide Americans with a lasting memento of our national celebration; and second, to generate funds that would go toward the much-needed repairs and restoration of both the Statue of Liberty and Ellis Island national monuments.

In another historical first, Congress further authorized the U.S. Mint to offer a unique privilege to those Americans who place their orders for Liberty Coins prior to

Ellis Island with an uncommon degree of thoroughness. Working from dozens upon dozens of photographs, drawings, books and personal visits to the monuments, they created many themes,

concepts and configurations for both the obverse (front) and reverse of each coin. From these were selected the most beautiful, most inspiring designs that were worthy of becoming United States Liberty Coins.

Plaster casts, hand-finished dies and multiple striking ensure that each proof Liberty Coin is meticulously minted to meet both your and the Mint's high standards.

Special Proof Coinage Carefully Crafted by Hand.

To create and enhance the extraordinary detail of these coins, each final design is sculpted onto a large plaster cast. The designs are then transferred to metal dies.

The proof-quality coins—considered the highest form of the minter's art—are characterized by their sharp details, and dramatic frosted finish against a highly polished mirror-like background.

Each individual coin is hand-fed and machine-struck three times by a polished die to produce the very sharpest detail, high relief, and flawless finish that make them so treasured, not just by collectors, but by anyone who admires truly beautiful works of art.

Each proof coin is examined by gloved inspectors to eliminate even the slightest flaw or imperfection!

In keeping with the U.S. Mint's high standards, proof coins are carefully inspected for imperfections by gloved inspectors. Only those coins deemed "flawless" are then placed in specially designed, sealed capsules to preserve their finish while enabling you to view every detail of your coin's design.

The result of all this care and attention to detail? Quite simply, three of the most magnificent United States coins ever to be issued...

THE UNITED STATES MINT

U.S. Liberty Coin Program

P.O. Box 42010

Philadelphia, PA 19101

In July of 1985, President Reagan and Congress authorized the U.S. Mint to issue United States Liberty Coins. Their purpose? To honor the Statue of Liberty's 100th anniversary *and* to raise funds

to help restore the Statue and Ellis Island.

The Mint's expert engravers have

created three coins that truly capture the spirit and beauty of America's great Lady of Freedom. Each—the gold five dollar, silver dollar and half dollar—has been carefully struck to produce the sharpest details and highest relief.

Now these magnificent U.S. Liberty Coins can be yours... to complete

your collection, to celebrate Liberty's anniversary, and to pass along as family heirlooms.

As a special courtesy to collectors of U.S. Commemorative Coins, you have been selected to receive this Advance Notification concerning the minting of the only United States coins to be issued in honor of the Statue of Liberty's 100th Anniversary:

United States Liberty Coins.

As an additional courtesy, if we receive your reservation by December 31, 1985, you will enjoy a favorable Pre-Issue Discount saving you up to 16% on your coins.

Please be sure to mail your reservation promptly. The Pre-Issue Discount will be withdrawn after December 31, 1985.

Dear Collector:

"The Secretary of the Treasury...shall issue not more than 500,000 five-dollar coins which shall weigh 8.359 grams, have a diameter of 0.850 inches, and shall contain 90 percent gold...."

With those words, the 99th Congress has made it possible for the U.S. Mint to offer you a unique and historic opportunity.

Of course, I'm referring to the soon-to-be-issued United States Liberty Coins: A fifty-cent clad coin...one-dollar silver coin...and five-dollar gold coin (America's first five-dollar gold coin in over 50 years!)...all minted in honor of the Statue of Liberty Centennial.

These distinctive proof and uncirculated coins -- whose maximum mintages are stated in the law -- will be the only legal tender coins authorized by Congress to commemorate this history-making celebration.

Because of your previous purchases from the U.S. Mint, I am sending you this Advance Notice of U.S. Liberty Coins prior to their January 1, 1986, issue date.

What's more, I'm pleased to offer you the

(over, please)

opportunity to acquire your U.S. Liberty
Coins at a significant discount!

I can guarantee you this special Pre-Issue Discount only until December 31, 1985. After that, prices will be higher.

(Just how significant is this Pre-Issue Discount? For one thing, it will enable you to acquire all three Liberty Coins -- gold five dollar, silver dollar, and half dollar -- for the same price others will pay later for the gold coin alone!)

Let me tell you briefly why these coins are so special. Why, as a collector of U.S. coins, you won't want to pass up this chance to own a set of Liberty Coins yourself.

The gold five-dollar Liberty Coin.

The obverse (front) of this 1986 coin -- the first U.S. five-dollar gold piece to be minted in over 50 years -- is quite stunning in its simplicity: it features an unusual close-up view of Liberty's face, in sharp relief, with the inscription "1986 LIBERTY."

It was created by the Mint's own chief engraver, Elizabeth Jones, whose designs include, among others, the award-winning 1983 Olympic "Discus Thrower" silver dollar.

Each gold Liberty Coin contains .269 troy ounce of .900 fine (21.6 karat) gold.

Only 500,000 of these gold coins are to be minted. Each will bear the "W" (West Point, N.Y.) mint mark -- only the second coin in U.S. history to do so!

The silver one-dollar Liberty Coin.

This handsome 1986 coin, designed by Mint artist John Mercanti, commemorates Ellis Island as the "Gateway to America."

The obverse features a classic pose of Liberty in the foreground, with the Ellis Island Immigration Center standing majestically behind her.

On the reverse is a silhouette of Liberty's torch, burning brightly, along with the inspirational words: "Give me your tired, your poor, your huddled masses yearning to breathe free."

Each silver Liberty Coin contains .86 troy ounce of

.900 fine silver. No more than 10,000,000 are to be minted, with the proof coin bearing the "S" (San Francisco) mint mark, and the uncirculated, "P" (Philadelphia).

The one-half dollar Liberty Coin.

This 1986 coin may just prove to be the most popular one of all. It commemorates something close to the heart of nearly every American: our proud heritage as a nation of immigrants.

The obverse, designed by Edgar Steever, pictures a ship of immigrants steaming into New York harbor, with the Statue of Liberty greeting them in the foreground, and the New York skyline in the distance.

The reverse, designed by Sherl Joseph Winter, has a charming, almost painting-like quality. It's a heartwarming scene of an immigrant family, standing amidst their belongings on the threshold of America, the land of freedom and opportunity beckoning to them across the water.

Each coin weighs .36 troy ounce, and is 92% copper, 8% nickel. No more than 25,000,000 are to be minted, with the proof coins bearing the "S" (San Francisco) mint mark, and the uncirculated, "D" (Denver).

You'll find more complete details -- including beautiful full-color photos -- of all the 1986 U.S. Liberty Coins in the enclosed booklet.

The most sought-after U.S. coins ever?

Because of their extraordinary beauty...their special commemorative status...and also because their supply is specifically limited by law (only up to 500,000 gold coins will be minted!)...you can expect demand for U.S. Liberty Coins to be strong, especially between now and the end of the year.

That's why I'm urging you to take this opportunity to reserve your U.S. Liberty Coins now. (Remember, if you return your reservation form by December 31, 1985, you'll enjoy a money-saving Pre-Issue Discount.)

And -- because net proceeds from their sale will be used for restoration of both the Statue of Liberty and Ellis Island -- you'll have the satisfaction of knowing that your purchase aids your country as well as your collection!

To reserve your Liberty Coins, simply complete your reservation form, and return it with your payment in the

(over, please)

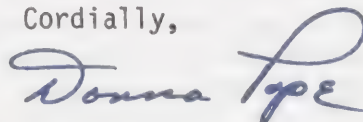

envelope provided. (For your convenience, if you wish, you may charge your order to either VISA or MasterCard.)

If you select proof coins, you'll also receive a handsome blue velvet presentation case, at no extra cost. Plus, all Liberty Coins will come with a signed Certificate of Authenticity, attesting to their proof or uncirculated minting.

Don't miss out on this historic opportunity
to obtain America's newest commemorative coins,
minted in honor of the Statue of Liberty Centennial
in 1986 -- at a special Pre-Issue Discount price
that will not be available after 1985!

To avoid any disappointment, we suggest you place your reservation promptly. Once you hold your new U.S. Liberty Coins in your hands, I think you'll agree with me that these are among the most beautiful -- and historically important -- coins ever minted.

Cordially,

Donna Pope
Director
The United States Mint

P.S. I can't stress enough how important it is for you to respond by December 31st. Come January 1st, the gold coin alone will cost you as much as all three coins at our Pre-Issue Discount. Why wait?

**"I'm pleased to
share this exciting
opportunity
with you..."**

Dear Coin Collector,

I remember my father telling me that his parents' very first glimpse of America was the Statue of Liberty. And how their first steps on American soil were at Ellis Island.

So you can imagine how proud I was, to be asked to design the gold Liberty Coin -- America's first five-dollar gold coin in over 50 years -- commemorating the centennial of the Statue of Liberty.

Because I knew an amount from the sale of Liberty Coins will go toward the restoration, I was determined to make these coins worthy of this great cause. A tribute to the history, the pride -- not only of the Statue, but also of the American people. I wanted to create a lasting symbol of our nation's heritage that every American would want to own...and pass on to their children.

It has been the opportunity of a lifetime...the chance to say "thank you" to the Lady who welcomed my grandparents (and so many others') to this great country. It is an opportunity I am extremely pleased to share with you.

Sincerely,

Elizabeth Jones

Presidents of the United States

These are the official medals of the Presidents of the United States, from George Washington to Ronald Reagan. Most were designed especially for the President at the time he was in office. Choose from forty-two dif-

ferent 3 inch bronze medals. Select your favorite Presidents or collect the complete set. Each is in an attractive display box with an easel. A biography of the President is enclosed with each medal.

Miniature Presidential Medals

Miniature Presidential Medals were designed especially for young people to collect and enjoy. Each of our forty Presidents comes to life for young historians as they collect the medals of their favorite Presidents. These inexpensive medals are an easy way to help a youngster learn about American History. The miniature versions of

the official Mint Medals of the Presidents, each 1-5/16 inches in diameter, are available in bronze and gold washed bronze. The gold washed bronze medals are also available with a gold washed loop attached to the top of the rim, so they can be placed either on a chain or bracelet.

Mail Order Sales Information

The prices listed herein for mail orders include all packing costs, shipping charges and insurance. Sales taxes are not applicable. Prices are subject to change.

Remittances in the form of money orders or checks should be made payable to—United States Mint, and must accompany the order. **DO NOT SEND CASH.** For orders originating overseas, only checks drawn on American banks or international money orders will be accepted as payment.

Acceptance and shipment of an order is conditioned upon our production capabilities. As list medals constitute a supplemental program, the earliest delivery of these items may involve several months. On occasion, when the demand for an item exceeds our production capabilities and unusual delays are anticipated in

filling orders, a general notification will be issued to our customers.

If your remittance is deposited and we cannot honor your order, a refund will be made. The order number will appear on the cancelled remittance.

The Mint reserves the right to reduce or cancel any order. Orders are not subject to cancellation by the purchaser. All sales are final. Items may not be returned for refund or exchange. However, any item found damaged when received will be exchanged if returned to the Mint within 15 days after receipt by the purchaser. Damaged medals will be exchanged only if plastic wrapping has not been opened.
